

THE
LONDON
LIBRARY

A COMPLETE LIST OF

CURRENT
PERIODICALS

This leaflet provides a complete list of the Library's current periodicals subscriptions. It does not include the extensive holdings of earlier titles that have ceased publication or to which the Library no longer subscribes (for details of these, please consult the Library's printed and online catalogues).

Current editions of most titles are displayed in the periodicals racks in the Reading Room. They are arranged in alphabetical order by title, apart from some of the more popular weekly and large-format titles, which are displayed on the window-sill of the Reading Room.

Current editions of titles marked * are not displayed in the Reading Room periodicals racks: please enquire in the Reading Room or at the Issue Desk in the Main Hall.

Recent back issues (usually for the current year) are available for consultation in the Reading Room: please ask at the Reading Room enquiry desk, or at the Issue Desk in the Main Hall.

Earlier back issues are usually bound and shelved in the main bookstacks and are available for loan. Please check the online computer catalogue for a complete list of the Library's holdings and for the appropriate shelfmark for bound volumes of each title.
